BCAGED octaves (BEADGC : 6-string bass) C major scale (ionian mode) : 5E3 box shape (3nps)

The figure shows a 7x24 grid representing a quantum circuit. The rows represent 7 qubits, and the columns represent time steps from 1 to 24. The grid is divided into three sections by vertical lines at columns 6, 12, and 18. Qubits are represented by circles containing numbers 1-7. Green squares indicate qubits that are part of a specific set, and orange squares indicate qubits that are part of another set. The grid shows the evolution of the qubits over time, with some qubits being swapped or moved between sections.
